

Processing the Data: (See Graphs)

Graph 1: Men's adjusted calf size -> see Table 2

(column graph; include mean, median and mode values)

Graph 2: Women's adjusted calf size -> see Table 2

(column graph; include mean, median and mode values)

Graph 3: Men's Adjusted Calf Size vs. Vertical Jump -> See Table 3A

(scatter plots with best fit line and R^2 value)

Graph 4: Women's Adjusted Calf Size vs. Vertical Jump -> See Table 3B

(scatter plots with best fit line and R^2 value)

Graph 5: Men's and Women's Vertical Jump -> See Table 4

(range graph)

Graph 6: Men's Body Weight to Calf Ratio vs. Vertical Jump -> See Table 5A

(scatter plot with best fit line and R^2 value)

Graph 7: Women's Body Weight to Calf Ratio vs. Vertical Jump -> See Table 5B

(scatter plot with best fit line and R^2 value)
